## ZARYS kids line enchants with colors and is full of life!

Created especially for the little ones, it brings the colorful world of kids' imagination straight into pediatric wards. Cheerful graphics and lively designs brighten up the hospital environment, helping the staff build a positive vibe among little patients. Thanks to them, medical procedures feel more friendly, and fears turn into curiosity!

Hi, I'm **Julek.**  
I was created  
to make people smile.

for staff

# medical mask single-use

Designed to cover the mouth and nose, providing a barrier to minimize direct transmission of infectious agents between staff and patient.

- made of three layers of nonwoven fabric
- has a modeling insert for the nose
- bacterial filtration efficiency BFE  $\geq$  98%
- dimensions: 175 mm x 95 mm
- attached with elastic bands
- with colorful print
- packed in a box that lets you pull out single pieces
- compliant with standard: EN 14683 type II
- non-sterile

REF	commercial packaging	transport packaging
BT-046-31C	50 pcs.	20 x 50 pcs.

## MAYA

### surgical cap with elastic band

Put on the head to minimize air contamination in the operating/procedure room from hair and shed skin from the people wearing it.

- made of polypropylene nonwoven fabric with colorful print
- with elastic band at the back
- packaging: box that lets you take out single pieces
- non-sterile

REF	commercial packaging	transport packaging
BT-001-30C-R1-PP	100 pcs.	6 x 100 pcs.

# OLAF

## surgical cap with ties

Put on the head to minimize air contamination in the operating/procedure room from hair and shed skin from the people wearing it.

- made of polypropylene nonwoven fabric with colorful print
- shape of a forage cap
- tied with straps
- packaging: box that lets you take out single pieces
- non-sterile

REF	commercial packaging	transport packaging
BT-007-30C-T1-PP	100 pcs.	6 x 100 pcs.

# easyCARE nitrile pink

## nitrile powder-free diagnostic gloves

Intended for patient diagnostics, providing a barrier for microorganism transmission between the operator and the patient, minimizing the risk of cross-infections.

- material: nitrile (acrylonitrile-butadiene)
- color: light pink
- inner surface: chlorinated
- straight cuff with rolled edge
- AQL: 1.0
- class I medical device according to Regulation (EU) 2017/745 of the European Parliament and Council
- category III personal protective equipment according to Regulation (EU) 2016/425 of the European Parliament and Council
- approved for contact with food
- commercial packaging: 100 pcs. with color-coded packaging depending on the size
- single-use
- non-sterile

BT-040-BW1-XX-XL	XL	1 pc.

environment  
of the little  
patient

# bib single-use

Protects clothes from getting dirty.

- made from cellulose tissue covered with colorful foil
- comes with self-adhesive tabs, meant for attaching the bib around the neck
- with a pocket at the bottom
- waterproof
- for kids over 6 months old
- single-use

REF	commercial packaging	transport packaging
SDJ	10 pcs.	20 x 10 pcs.

## patient gown kids', nonwoven

Meant to be worn by patients during diagnostic tests and perioperative care.

- made from SMS nonwoven fabric
- ties at the waist and neck
- blue color
- size 72 x 100 cm
- non-sterile

REF

BT-0022-35B-SMS-D1

commercial  
packaging

10 pcs.

transport  
packaging

10 x 10 pcs.

# SOFT thermal patient cover

Designed to cover the patient to prevent perioperative hypothermia.

Used as an insulator to protect against chilling caused by impaired thermoregulation and to help the patient maintain normal body temperature.

Single-use for one patient only minimizes the risk of cross-infections.

Used in perioperative care, in ICUs, hospital emergency departments, and other medical wards where it's necessary to keep the patient warm and comfy.

- made from nonwoven Spunlace with polyester filling
- has ultrasonic seams all over
- can be heated up in a warming device
- single-use
- non-sterile

REF	size	commercial packaging	transport packaging
BT-TOP-21S	110 cm x 120 cm	1pc.	40 x 1 pc.
BT-TOP-22S	110 cm x 210 cm	1pc.	25 x 1 pc.

## automatic tourniquet for kids

Designed to cause venous stasis  
and make the chosen vein visible for puncture.

- components: stretchy polyester strap and plastic ABS parts
- wide stretchy strap that minimizes pressure increase while squeezing
- greatly protects against arm congestion, improves blood sample quality
- has a simple one-handed mechanism, lets you easily fasten and unfasten, and you can gradually release the pressure
- size: length 450 mm +/- 5 mm, width 25 mm +/- 1 mm
- yellow color with a colorful print
- doesn't contain latex or phthalates
- reusable

REF	commercial packaging	transport packaging
SA-002	21 x 1 pc.	20 x 21 pcs.

# NINONET

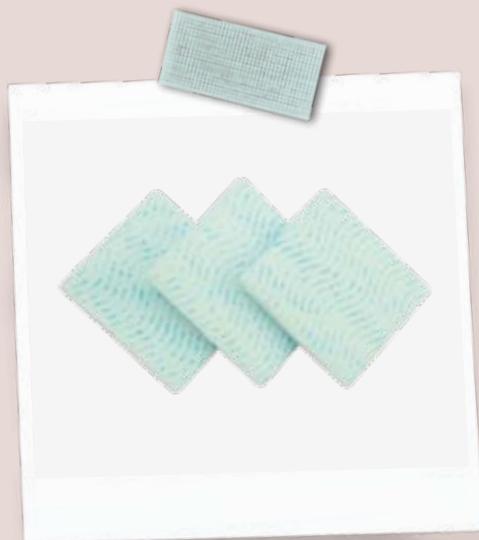

## body washcloth soaked with soap for kids

Daily washing of kids' bodies from the very first days of life.

- rectangular cloth double-sided soaked with a cleanser that's totally safe for babies' skin
- made entirely from polyester fiber
- special ultra-soft fiber technology lets you use it even on the most delicate skin
- contains a gel with aloe
- just a little bit of water is enough to activate the soap in the washcloth
- cosmetic product
- size: 12 cm x 10 cm
- weight: 400g/m

REF	commercial packaging	transport packaging
01EN1210400-21	40 pcs.	30 x 40 pcs.
01EN1210400-38	6 pcs.	150 x 6 pcs.

## absorbent pad

### for kids

Designed to absorb urine and other body fluids.

Used on a medical bed to directly protect and shield the patient from dirt and infections.

- has a quilted absorbent core with superabsorbent
- foil layer with colorful print
- absorbent core in white
- non-sterile

REF	size	commercial packaging	transport packaging
BT-PC6060C	60 cm x 60 cm	30 pcs.	10 x 30 pcs.
BT-PC6090C	60 cm x 90 cm	15 pcs.	10 x 15 pcs.

# medical pad paper-foil

Meant for use on medical couches, cribs, etc.

- made from two layers of paper and foil
- perforated every 50 cm
- large surface printed with kids' designs
- available in different colors
- width: 33 cm or 50 cm
- length: 40 m (80 pcs. per roll), 25 m (50 pcs. per roll)
- absorbent and leakproof
- non-sterile
